IRREGULARITIES IN LOCAL FOOD SITUATION ARE BEING ADJUSTED

Dealers Advised as to Requirements and Promise Cordial Support

MUST OBEY THE REGULATIONS

Food Administrator Darby has been quite busy during the week in straightening out certain irregularities in the local food situation as well as taking care of dealers who have received shipments of foodstuffs that did not come up to specifications.

The first matter to receive his attention was a complaint from Monach Brothers, who had received a car of cabbage from Scottsville, New York, and which was not of the quality specified. In conjunction with W. D. Pollock and W. R. Gaut, the food administrator examined the consignment, with the result that the shipper was advised by telegraph that it was unsuitable for the retail trade. As the shipper was asked for advice, it was finally decided that the cabbage be sent to the Pittsburg market, where it was thought it might be disposed of to meat manufacturers. This seemed to be satisfactory to all around, the car will be shipped at once from Charleroi.

Another case which was brought to the attention of Mr. Darby was that of a supply company made up from employees of the Pittsburg Steel Industry Company of W. D. Pollock. On Monday, March 11, a car of flour was sent to the Charleroi Flouring Company. When this fact was discovered, Mr. Darby immediately telephoned the manager of the company and advised him that a fine was somewhat small, Mr. Darby made an appointment to see the manager on Wednesday, which he did later in the afternoon.

At the conference the management of the supply company stated the flour in question had been bought last December and they were under the impression they could deliver to their customers without furnishing an equivalent amount of substitutes. Mr. Darby told them such was not the case that all flour being delivered since the new food regulations had gone into effect had to be accompanied by a similar amount of cereals. Mr. Darby advised the supply company to get in touch with the local food administrator of Monessen and dispose of a large shipment of flour they had recently received under his jurisdiction.

This the supply company has agreed to do and moreover promised to act in close harmony with the food dealers association of Charleroi. They will also adopt the sugar card system and will give each of their customers a card at once.

As an indication of conditions in Monessen, Mr. Darby was advised that one grocer had lost a number of his best customers because of his insistence that they should take an equivalent.

FAKE LIBERTY LOAN BONDS

Donora Russians Taken In by Slick Swindler on Smooth Game

HAD SECURED MUCH MONEY

A gang of well organized swindlers who were trying to defraud the military and unarmored Russian residents of Donora out of their hard earned money, have been named in their numerous business by the vigilance of a police of that borough.

On Monday of last week it was learned there were what purported to be Russian Liberty Loan bonds being offered for sale in certain quarters of the down river borough and the matter was brought to the attention of the Donora police. The officers immediately got busy and soon secured their man. He was registered under the name of F. Maxinoff at the Lawrence Hotel in Donora. After the man had been located Chief of Police of the Donora police, immediately communicated with the United States District Attorney at Pittsburg and he was instructed to arrest and hold Maxinoff until the case could be investigated. Maxinoff was arrested and placed in the borough lockup. Later word was received that the Federal authorities had investigated the matter and were convinced that it was a clear case of swindle. Deputy Marshal W. B. Harrington was in Donora on Wednesday and returned to Pittsburg with Maxinoff as his prisoner. Maxinoff was searched by Chief Smedley at the Donora police station and on his person were found post office money order receipts to the amount of about \$1,500. All of this money was sent to one address, which is probably the headquarters of the gang and represented the amount which Donora Russians were defrauded of through the swindlers' game.

Dr. Stahlman Addressed Students This Morning

Dr. F. C. Stahlman, who has but recently returned from a trip to Camp Sherman entertained the pupils of the high school with interesting account of his observations at the morning's chapel exercises. He stressed the cantonment at Chillicothe, Ohio, as a wonderful organization and said that the young men in training there were better men, in many respects, than they ever were in their civil life. The speaker took the opportunity to urge more concentrated effort in the forthcoming Liberty Loan and appealed to the pupils to purchase Thrift Stamps, if they found themselves unable to purchase a Liberty Bond. "Do your bit, and do it as earnestly as you possibly can," said the doctor. "Above all, don't be a slacker." Dr. Stahlman took occasion to compliment the student body and the teachers on the success which they had attained in their efforts in the recent Junior Red Cross movement.

AN APPEAL TO THE YOUNG MEN RIVER IS FALLING AT ALL POINTS

President Wilson issued an appeal on Thursday to all American boys 16 years and over, not permanently employed, to enroll in the United States Boys' Working Reserve. A report was swift, no damage had been national enrollment week, beginning March 18, has been set aside by the Department of Labor.

The President's open letter, made public on Thursday, said, "The purpose of this national enrollment is to call to the attention of the young men of the Nation to the importance of increasing the food supply by working on the farms and to urge them to enroll in the reserve."

"I sincerely hope that the young men of the country of 18 years of age and over, not now permanently employed and especially the boys of our high schools will enter heartily into this work and join the boys' working reserve in order that they may have the privilege, for such I believe it to be of spending their spare time in a productive enterprise which will certainly aid the nation to win the war by increasing the means of providing for the forces at the front and for the maintenance of those whose services are so much needed at home."

CAMP SHERMAN OFFICERS ARE SURPRISED OVER RECENT ORDER

NEW COMMANDER FOR CAMP HANCOCK BRIGADE

Gen. William W. Lee, who served as division commander at Camp Devens, A. C. Mass., during the recent absence of Maj. Hodges, was on Thursday ordered to Camp Hancock, to command an infantry brigade. He will likely be assigned to the Fifth Brigade which was recently commanded by Gen. Logan of Pittsburg but who was retired on account of his physical condition.

Want Men from This Cantonment Sent to That Cantonment for Training

WANT TO BREAK UP COLONIES

Surprise is expressed by the officers at Camp Sherman over the reported determination of the War Department to send all men under the next draft to Camp Lee. Heretofore men from Leaver, Butler, Lawrence, Greens and Washington have been sent to Camp Sherman and already one-half the selectives from these districts who have been in training at Camp Sherman have been sent either across the sea or to other cantonments.

One high military official at Camp Sherman had stated that objections had been filed by Pennsylvanians against having their draftees divided up among so many cantonments, and that possibly for this reason the new order had been made to send all draftees from the western part of the state to Camp Lee.

It is noted that no objection is made to Camp Sherman, but the Pennsylvania men there cut a very small figure, as this is really an Ohio camp. Many of the Pennsylvania men were sent to Camp Pike as well as scattered to other cantonments throughout the country. The explanation given by military officers for this action, is for the purpose of breaking up colonies; that men from a certain section are in the same barracks as men from another section, and are thus more likely to be together as if they were thrown among entire strangers. The officers contend that it makes men better soldiers to get them away from all former friends and acquaintances and make new associates with men from other parts of the country.

Whether this betrays or not, it is certain that the Pennsylvania draftees have been well scattered, Camp Devens and Camp Lee being their principal training stations, although Camp Hancock is made up practically of none but soldiers from the Keystone State.

It is intimated that the members of the One Hundred and Fifty-eight Debutante Brigade, made up of draftees from western Pennsylvania, will be assigned to line regiments as needed. Unless the order is rescinded the number of days in which to arrange their business affairs and put things in shape at their respective homes before leaving for the various cantonments.

In the meantime the legislation at Washington which will provide for these changes is on the way to being made into a law, as the measure is now on the calendar with a favorable recommendation from the military committee, although a minority report opposing the measure has also been filed. However, it is not believed that the minority will be able to muster enough votes to defeat the passage of the new bill.

Notice Knights of Columbus. Charleroi Council Knights of Columbus will meet at the Lyceum this evening at 8 o'clock to pay respects to our late brother John W. Carroll. John Henrich G. K. Jos. Schoener, Secy. 230-41.

Mrs. Willis J. McCook of Lock Four is visiting with Mr. and Mrs. Willis F. McCook of Fifth avenue, Pittsburg.

QUOTA MAY BE INCREASED

New Law May Require More Men From the Fifth District

BILL NOW BEFORE CONGRESS

Changes in the draft bill now before the House at Washington will not be affected by the absence of Secretary Baker, according to the latest advices from Washington. It was reported that the changes desired by the Senate and which had been favored by the Senate, would go no further until the Secretary of War had returned from Europe, but this statement is denied by Chairman Dyer of the Committee on Military Affairs.

Under the new regulations the quotas of districts will depend on the number of men available rather than on the population of the district, as is now the case. Under such a regulation it is likely that the quota from the Fifth District of Washington county will be larger than under former regulations. The draft quota under the new bill, set for the 20th of March, will be sent out from the same draft headquarters at Harrisburg today. If it is intimated that the members of the local boards are to summon their instructions from Harrisburg at the earliest possible moment, in order to give the registrants called the requirement of days in which to arrange their business affairs and put things in shape at their respective homes before leaving for the various cantonments.

LIBERTY LOAN OR WHAT?

The United States is involved in a wholly righteous war. It is fighting that we, you and all the world besides, may have the right to live freely and happily. It is fighting to rid the world of the blighting and sinister menace of militarism. It must win, and it will win. In a cause such as that for which this country is fighting there can be no hesitation until permanent peace is established. To win this war the government needs vast sums of money. It is going to get all the money it needs somewhere and somehow. There are two ways by which the country can get funds—loans or taxation. It is for you, me, and all the rest of the people to decide whether we shall lend our money to the government at 4 per cent or give it through taxation.

But the problem is not as simple as it seems. The failure of the government to secure the proportion of the money it needs in the shape of loans—in other words, the failure of the Third Liberty Loan—would be as disastrous as seriously affecting every merchant, every farmer, every salaried man and workingman. It would mean that taxes would have to be heavily increased. The government has already taxed business about as much as it can stand. A material increase in taxes on business will seriously impair the efficiency of many industries. The government will hesitate to do this. For our industries must be kept going at top speed to supply the requirements of the war. Consequently, increased taxation will have to fall largely on those of small and moderate means—on the things they wear, on the things they eat, on their pleasures and on their comforts. The failure of the loan would mean that the credit of every merchant and storekeeper will be curtailed and their buying power lessened.

The failure of the loan would be notice to the Germans that the devotion of the American people to their country is uncertain and weak. It would encourage them in their effort to trample on our liberty and in their determination to destroy American democracy.

The failure of the loan would lengthen the war indefinitely. It would mean the needless loss of thousands of lives and the needless destruction of a vast amount of wealth. The failure of the loan would discourage those who are risking their health and life. It would convince them that the people at home are unwilling to forego their pleasures to back them up.

Under the circumstances, don't you think, Mr. Merchant, Mr. Farmer, Mr. Salaried Man and Mr. Workingman, that you should buy your Liberty bonds and that if you have bought some, you should reach into your pocketbook again and buy more?

THREE YEARS MORE

Sergeant Empey, author of "Over the Top," who spoke before a large audience in the Syria Temple Mosque at Pittsburgh Wednesday evening, says the war will last for three years yet. He bases his prediction on the experience he has gained at the front, and gives it as one who knows what it is to go "over the top."

He advised his hearers to make the war personal, not to wonder why they are not "doing something at Washington," but rather, "What am I doing to win this great conflict." He said the war would be won, 40 per cent in the trenches and 60 per cent at home. And who will say that he has not sized up the situation accurately? Empey has been "through the mill," he knows what the men in the trenches have to undergo, he has experienced all of the many difficulties which soldiers live along that battle line, and when he spoke, he spoke as one who has authority. His prediction of three years more of war may not be far wrong. Eminent men in this country, who keep close touch on world events, and who are schooled in military affairs have made the same prediction, and unless there should be a sudden breaking in the German defense we ought to prepare ourselves to carry the burden

of the war for that long. We are able from a resourceful stand point to do it, but we are not in shape to lose an American soldier. However, we will not escape unscathed, but while we are making sacrifices, let us not forget the duty we ourselves owe to the government in the crisis which we now face.

ARE YOU ENROLLED?

It should profit by the experience which they had to undergo last fall when they found they were unable to vote, because they had not been registered. The over-registered appeared to be general in the various wards of the borough and voted for years, when they appeared at the polls and asked for a vote, only to be told with the regret that they were not registered.

The great trouble with these Charle-roi citizens was the fact that they did not bother to visit the polling place on the day specified by law, to have their names placed on the books. The law specifically states the duty of the citizen and likewise of the citizens, that if any man, or number of men, are left off the list, the fault, primarily, is with the voter. The register may have written down the names of all the voters in the precinct as could be ascertained, but even at that, there would be many missed.

Next Tuesday and Wednesday the registers are to be at the various polling places in the borough, for the purpose of registering those who may appear, and qualify as residents and electors of the various precincts. As there is an important primary election coming in May, every citizen should see the importance and the necessity of having his name properly placed on the books. By attending to this duty on the days specified above, annoyance and disappointment will be avoided.

PERCENTAGE OF SLACKERS

It is gratifying to learn that only 570 arrests out of nearly ten million men were made for failure to register in the first draft, and that the majority of the names of the arrested afterward went on the rolls. It is also of interest to learn that the anti-draft agitators penalized, or those cases are still pending, number 3. Such is the showing just made by Provost Marshall General Crowder's report to the Secretary of War, of the 62 Federal district jurisdictions, practically the entire United States, nearly ten million young men were registered on June 5 and up to December 1 the total of arrests for evasion amounted to only the relatively small number stated.

The authorities wisely assumed at the outset an attitude of leniency toward all those who after arrest exhibited a willingness to register, and extended the locus penitentia as far as possible, believing that the purpose of the law was to secure a full registration rather than full jails. So General Crowder has been able to report that 2,683 of those apprehended were released after having registered, and that prosecutions were begun against only 2,095 of which 1,335 cases are still pending. Of the 570 evaders 3,236 have actually been registered and only 0.00026 of the whole number of drafted males now remain in the obstinate slacker class. Upon the convicted anti-draft agitators heavy penalties were imposed and out of the total of 343 there are still pending 105 cases. As a whole the results of the new method of raising armies are more satisfactory than the most optimistic would have expected.

A German employee in one of the Washington departments has just been caught with stolen blue prints of value to the enemy. Even the question as to what will be done with him by way of salutary warning to others is perhaps less important than the question as to why after all these months of war it is possible to find a German or Germans still on our government's pay rolls and in a position to play the game of sneaking treachery.

CHARLEROI BOY ARRIVES SAFELY IN FRANCE

Charleroi relatives have received a postal card informing them of the safe arrival of Earl Strausser in France. He reports himself as being well.

FAVOR COMMUNITY HOUSE AT CAMP

At the special invitation of Captain Alexander Laughlin, Jr., and-deputy to Major General E. F. Glenn, camp located at Camp Sherman, Washington county, Women's Committee of the Council of National Defense and Mrs. H. I. Crawford, a member of the committee, were Tuesday guests at camp. They went to study the needs of the work of the women of Ohio in caring for the soldiers in the camp, with a view to inaugurating a similar work in the camp for the boys from Pennsylvania, of whom there are over 4,000 in the big cantonment.

It is proposed to build there a Western Pennsylvania lodge for the benefit of Keystone selectives and their friends who may be visiting them. The plan is that of General Glenn, who says that the soldiers must have a place to meet their friends and relatives who come to camp, a place where every married man can, if he so desires, have the privilege of boarding his family at cost while in the United States. In other words, he wants that in a cantonment such as Camp Sherman far removed from any large city in the name of decency and efficiency there must be provided a civic or social center where women folk and friends of the enlisted men can be comfortably and respectably provided for when visiting the camp.

The project to erect such a place for the friends of the Pennsylvania selectives was some time ago put before the women of this county by Captain Laughlin, who is acting for General Glenn in the matter. He strongly urged that the women appoint a committee to visit the camp and study the situation first hand. The feeling was that if the women saw it once for themselves there would be no trouble in raising later the needed funds to put the project through.

It has been pointed out by the military authorities and by persons who have visited the camp and are familiar with conditions, that Chillicothe near which city the camp is located has no place for strangers and at present there is no place in the camp to take care of the aged father or mother or the young wife of a soldier and many such persons become stranded every day.

Captain Laughlin has suggested that each community pay \$10 for each one of its men in camp and has assured the women that with that amount of money in hand ample and comfortable quarters can be provided for all friends of the Pennsylvania boys in Camp Sherman, Washington county has 1,615 men in camp and would require to raise \$16,150 as its share. Lawrence, Beaver, Butler and Greene the other counties from which the boys come would be asked to raise a similar amount for each of their men there.

It is the opinion of General Glenn and the members of his staff that nothing could be done that would help the morale of the men of the army there than to do this thing.

It will provide a meeting place for all the friends of the soldiers where they may come and meet them and have their visit in comfort. And then the men will know that their folks are well cared for while there and comfortable. Captain Laughlin has consented to visit Washington soon and explain in detail the project. Mrs. Linton and Mrs. Crawford returned Wednesday night and will shortly make formal report of their visit. They were much pleased with what they saw and are enthusiastic over the project to provide a lodge at Camp Sherman for Western Pennsylvania visitors.

POTATO PRICES ARE GOING DOWN

Farmers in the vicinity of Altoona are disposing of their potatoes at 90 cents a bushel, after holding them all winter for higher prices. As the season is getting quite late for the marketing of old potatoes it is not expected that these prices will be advanced much. It is said that many farmers who had large stock of potatoes from last summer's crop and who had increased their holdings by heavy purchases, will lose quite heavily because of the fact that they held them too long. There was also quite a loss due to the fact that many potatoes were frozen during the severe weather of the past winter.

JACOB J. SWANK PRAISES TANLAC

Retired Johnstown Business Man Feels It a Duty to Make Facts Known

Jacob J. Swank, a retired business man of 225 Napoleon St., Johnstown, Pa., said recently: "I believe I have used almost everything imaginable before I took Tanlac. At night, when I slept, which was poorly, I evidently swallowed accumulations of mucus, as I invariably awakened in the morning choked and nauseated. That is the way I judge that my stomach became affected."

"My hearing became impaired and the itching in my ears became almost unbearable and there were roaring noises also. I had a most unpleasant taste in my mouth and scarcely any appetite."

I began to improve rapidly under the Tanlac treatment. My whole system is now right, the accumulations in my nose and throat have disappeared, my hearing has improved, I eat better, my sleep is restful and I feel better every way. I now consider myself physically able to throw off any other symptoms. I am a well man."

Tanlac, the Master Medicine is now sold here by Piper's Pharmacy.

A "War-Saving" Demonstration

OF THE ROYAL TAILORS' Spring line of made-to-measure suits and overcoats will be given at this store on

FRIDAY, MARCH 15th.

A consulting designer from New York will be here on that day to have heart to heart talk with the men of this town on the new style features of the season and the real facts about the critical woolen situation. He knows his business, boys, and you won't make a mistake if you let him advise you what to do and what not to do in trying to get yourself decently clothed for the Spring and Summer season—or for next Winter, either, if you want to look that far ahead.

Of course he will have a big line of piece goods to show you and this time they will be mostly "peace-time" goods—sturdy, long-fibred fabrics that THE ROYAL TAILORS bought up over two years ago before cotton and shoddy became, at the Government's request, a common ingredient in the material from which men's suits are made.

These fabrics are not being duplicated by the mill to-day and any close approximation to them in quality will cost you a whole lot more elsewhere. And it won't be a ROYAL TAILORED suit either.

Don't miss this big SPRING STYLE AND VALUE EVENT. Wait for it—tell your friends about it. It's a big, unusual opportunity and you'll find it worth while.

The ROYAL designer will be at the store all day and evening. Orders will be taken for EASTER delivery. Easter comes March 31st.

Don't forget our Men's Department will be open Friday evening March 15th for the benefit of those who could not come earlier.

SAVED THIS MAN
FROM GIVING UP
HIS JOB, HE SAYS

It Was "Dollars in D. M. Barrett's Pocket" When He Took Nerv-Worth

This man is employed in the National Stone Quarry at Martinsburg, W. Va. Note what he said a short time ago about Nerv-Worth:

"I have suffered for ten years with stomach trouble and would bloat after meals. Tried a great many remedies without getting relief. A friend told me of Nerv-Worth and insisted on me trying it, which I did. In a few days my improvement was wonderful. I can cheerfully recommend Nerv-Worth as it saved me from giving up my job. And the old trouble has not returned."

WOMEN OF MIDDLE AGE

Need Help to Pass the Crisis Safely—Proof that Lydia E. Pinkham's Vegetable Compound Can be Relied Upon.

Urbana, Ill. — "During Change of Life, in addition to its annoying symptoms, I had an attack of grippe which lasted all winter and left me in a weakened condition. I felt at times that I would never be well again. I read of Lydia E. Pinkham's Vegetable Compound and what it did for women passing through the Change of Life, so I told my doctor I would try it. I soon began to gain in strength and the annoying symptoms disappeared and your Vegetable Compound has made me a well, strong woman so I do all my own housework. I cannot recommend Lydia E. Pinkham's Vegetable Compound too highly to women passing through the Change of Life."

—Mrs. FRANK HENSON, 1316 S. Orchard St., Urbana, Ill.

Women who suffer from nervousness, "heat flashes," backache, headaches and "the blues" should try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound.

HOPE TO TIE WITH GUNTOWN PLAYERS

The basket ball team of the Charleroi high school plays at Canonsburg this evening. This is an exceedingly important game. Should Charleroi win the team will then tie with Canonsburg for the county championship. Many local supporters will accompany the team.

Tomorrow evening at the local gym the basket ball season will be brought to a close, with a game between Charleroi and Waynesburg. The visitors are anxious to win, if only to remove the stigma of the defeat inflicted by Charleroi earlier in the season. The game will be well worth seeing.

PERSONALS

Melvin Bowden a member of Co. A, 110th regiment, has returned to Camp Hancock, after an eight-day furlough which he spent with relatives and friends in Charleroi.

Allman Stewart of Hilliard, Ohio, was called to Bentleyville to attend the funeral of his uncle, Seth Allman. He also spent a short time with his parents, Mr. and Mrs. James Stewart of Speers.

J. Bryant Tussing, one of the local force of four-minute men, delivered a most interesting address to the pupils of the high school at yesterday morning's chapel exercises.

The highbrow editor of the Atlantic Monthly asks: "What can you expect of a country whose most popular author is Harold Bell Wright, whose most popular preacher is Billy Sunday, and whose most popular statesman is (was?) William Jennings Bryan?" Perhaps we can't expect to produce a Shakespeare at a very early date, but there is no reason why we should not expect to whip the Germans with reasonable dispatch.

In Wisconsin there are men who have not contributed to the Red Cross or subscribed to the Liberty Loan or done any other things patriotic Americans have been proud to do, and, according to the testimony before the Wisconsin legislature, "every one of them holds La Follette as his patron saint." Evidently the most industrious German propagandist has not kept pace with LaFollette as a mischief-maker.

The imperial booster of victory over the overwhelming numbers of Russia suggests a little boy who proudly kicks a jellyfish or triumphantly turns over a barrel of pulp.

Don't put off getting measured for your Easter suit. An expert designer will be at Berryman's all day tomorrow and evening. Get a "Royal Tailored" Suit. 229-22
